Experience

Incite Solutions (January 2007 – Present)

Currently Web / Graphic Designer

Designing and building standards complaint web sites. Making sure the sites work cross-browser, are SEO compliant, printer friendly, and accessible for as many people as possible. Also, installing a content management system and fitting designs into it.

Also, responsible for creating print collateral, e-mail templates and identity packages. Have had to meet tight deadlines.

Quick Draw Inc. (October 2004 – December 2006)

Was the Head Designer

This consists of building interface designs that appear professional and/or artistically creative and are functional, user friendly and easy to use. These interfaces are also designed to be used in flash or easily sliced into HTML, CSS and JavaScript making the web site/application ready for programming. Print collateral work to accent the web site.

Also, meet and deal directly with the client on a daily basis. Have had to meet tight deadlines.

Personal Tutor / Teacher (Ongoing)

Have tutored Photoshop, Dreamweaver, Flash, slicing, tables, CSS and web site design.

Terra Prime (February 2003 – September 2004)

Was the Head Designer

This consists of building interface designs that appear professional and/or artistically creative and are functional, user friendly and easy to use. These interfaces are also designed to be easily sliced into HTML, CSS and JavaScript making the web site/application ready for programming.

Also, responsible for building and maintaining applications and promotional material for the web and print projects at Terra Prime.

Also, meet and deal directly with the client on a daily basis. Have had to meet tight deadlines.

Multimedia Production Services (February 2002 – September 2002)

Multimedia Designer at the University of Alberta, Faculty of Medicine and Dentistry

This consists of building CD-ROM's and web pages, and shooting video, editing video, slide scanning, image scanning, PowerPoint presentations, LCD projectors, CD and cassette duplication, and audio recording.

NAIT (June 2001 – January 2002)

While attending NAIT worked on numerous projects involving shooting and editing videos, recorded audio, making posters, flyers, handouts and banners, and also worked on numerous web pages for industry clients.

Horek Designs (September 2000 – June 2001)

Web design company owner

Numerous industry clients before attending NAIT.

Webmaster Designs (October 1999 – September 2000)

Flash web pages, HTML and graphic work.
